

WAKE UP TO A RENEWED DREAM

Who we are

Rêve by Gregoir is the lifestyle expression of the Gregoir Group, a market leader for over 30 years in the automotive sector representing BMW, MINI, BMW Motorrad, Hyundai, Suzuki, KGM, Cannondale and Specialized.

Launched in 2024 at the restored Castle Diependael, Rêve blends heritage and modernity into inspiring spaces. It is a showcase of transformative design – offering timeless furniture, exclusive fragrances, and lifestyle pieces that bring beauty, comfort, and purpose into every home.

Castle Diependael, formerly a Michelin-starred restaurant for three decades, now serves as our headquarters and Experience Atelier – a living gallery where clients can explore, feel, and be inspired by the full Rêve universe.
